PARIS, KENTUCKY, FRIDAY, MAY 26, 1905.

NUMBER 42.

Main Street To Be Reconstructed.

Mr. P. C. Riley, President of the National Bitumen Co., of Indianapolis, was in the city Wednesday in consultation with Chairman O'Brien, of the Improvement Committee, in regard to Main street. He had with him a car-load of machinery to repair the street, but informed Mr. O'Brien that upon examining the street he found it would have to be re-constructed, the top layer would have to be removed and put on properly. That he intended to put down a model street for Paris, if he lost thousands of dollars on the job. Mr. Riley stated that this would be necessary for his company to do to ever get another street to make anywhere as his competitors had been referring other cities this work and it had injured them, but when he finished it this time it would be used as an advertisement for his company. The street being in such a condition, it requires his whole plant to do the work and he returned to Indianapolis to make necessary arrangements.

Mr. O'Brien informed Mr. Riley that he did not intend to be put off in this matter like he was before, and wanted to know when the work would begin. He told him that he would give him ten days to ascertain when he could get ready for work, and if a satisfactory answer was not mailed him within that time, the city would proceed against the bondsmen for damages.

The outlook, therefore, is good for us to get a first-class street, and Mr. O'Brien says he will have a good street are know the reason why.

Paris Gets Next Knights Templar Conclave.

The beautiful weather that greeted the Knights Templar host that assembled at Richmond, Wednesday, in annual conclave, made the conditions for the success of the meeting ideal. It is estimated that 1,200 guests, including the Knights and their ladies, were present. One of the largest crowds ever in Richmond thronged the sidewalks to witness the parade. There were near 600 Knights in the parade, with a dozen bands. Coeur de Lion Commandery, of this city, doubled with the Cynthiana Commandery, with the Elks' band at their head, made an appearance that our people can well be proud of, being pronounced by many to have been the handsomest body of men in the parade.

At the conclusion of the parade devotional exercises were held at the opera house.

The Right Eminent Sir Knight John M. Worrall, of Danville, delivered the sermon, and Senator James B. McCreary followed with the address of welcome. The response was made by Right Eminent Sir Knight B. G. Witt, Past Grand Commander.

After these services the commanderies marched to Masonic Temple, where the session of the Grand Commandery was formally opened.

The efforts of Coeur de Lion Commandery in securing the Conclave for 1906 for Paris was awarded yesterday by Paris being selected for the place of next meeting. This means much for our city, and the Paris Commandery should be backed by every citizen of our town when the time comes to entertain this large body of representative men of the State. It will be the biggest thing Paris has had for years. We will be ready for them and show them the best town of its size in Kentucky.

Paris, Ky., Friday, May 26, 1905.

WHAT on earth did Senator Blackburn mean in his speech at Flemingsburg, the other day, when he pulled the trigger and let both barrels, loaded with slugs, go off in the following manner? Surely he had no reference to the Beckham-Hager-Haley combination. Here is the load fired, analyze it yourself, viz:

"Do you believe that any set of men can band themselves together as a political oligarchy in the State of Kentucky, and declare that they will usurp, all of the judicial offices, dictate who shall be Senators, and put padlocks on the mouths of the two millions of people that live within this old Commonwealth of ours? * * * Neither Mark Hanna, Tom Platt nor Matt Quay, nor Boss Tweed, nor any other political boss that ever lorded it over a subjugated people, ever showed one tithe the insolence that this machine is exhibiting in its self-constituted control of Kentucky."

KENTUCKY is called the "dark and bloody ground" by the papers across the river. Maybe, it is better to have that name than to have our penitentiary crowded with aristocratic bankers who have robbed the poor people of their savings for years. In Sunday's Enquirer there was a picture of "Banker's Row" in the Ohio penitentiary. Now you hear the following wail from the Times-Star:

"With eleven Ohio 'bankers' serving sentence in the Ohio penitentiary and seventeen more under indictment awaiting trial, no one should be hanged, drawn and quartered for asserting that it is not the essence of all wisdom to auction off to any Tom, Dick and Harry who incorporates as a bank the funds gathered from the people by taxation, etc."

THE Northern Presbyterian General Assembly, at Winona Lake, Indiana, Tuesday, voted to reunite with the Cumberland Presbyterian body. This brings together once more two of the largest branches of that denomination. It is now up to the Northern and Southern branches. Isn't it strange that it takes Christian people longer than anybody else to find out the war is over. The influence of this great body of people would certainly be greater if they would settle their differences and get together. It is a bad example they set for us out-siders by not getting together.

Don't it make you tired to hear some people and papers asking "what has Blackburn done?" His record is known to every Democrat in Kentucky, and it could not be improved on for efficient service to his party and people. Such questions are tommy rot and not worthy an answer. Proof that his record is above reproach is that every Republican in the State is pulling for Paynter to win.

It is the expressed opinion of Democratic Congressmen that the President will be stronger at the next session of Congress than he was at the last, and that both railway rate and tariff revision legislation are possible. "Teddy" is behaving nicely at present, not a single kick coming from the Democratic side. Just keep in the harness and you are liable to make one of our great Presidents.

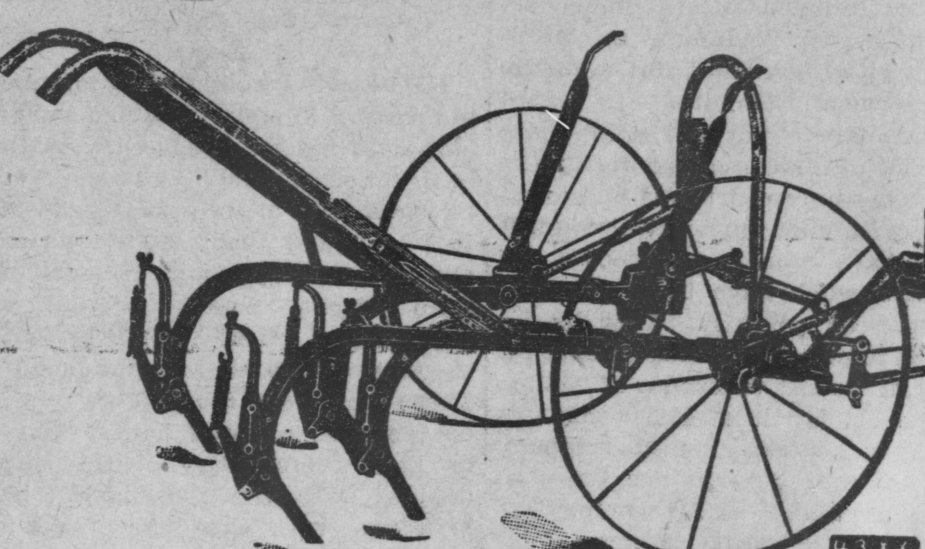

THIS interesting remark was made by Judge Dugre, of the Supreme New York Court last week, as he was engaged in divorcing a married couple: "There is something radically wrong about the divorce laws. It seems to me that they ought to be changed. Divorces should be taken entirely out of the State courts and placed under the jurisdiction of the Federal courts."

It is reported that a diamond worth over \$919,000,000 has been found. Of course there should be a considerable discount for exaggeration; but still the person with the reflective turn of mind can never cease wondering when diamonds and coal oil will become drugs in the market.

—Ben Scott, of Winchester, has purchased so far in Clark county and adjacent territory, for Green, of Mt. Sterling, five thousand lambs to go from June 10th to July 10th.

—Probably the largest tobacco patch in the State is on the farm of John Rogers, near Blue Licks, in Robertson county. The rows are an even mile long, with 1,960 plants to the row.

—The grain of Kaffir corn is smaller than wheat and is good for the little chicks as well as the full grown ones. The brood will begin to eat it before they are a week old and those who have tried it say that it makes them grow like magic.

—Mr. R. M. Adams, of Franklin, has a cherry tree that yielded last year 118 gallons of measured fruit, which was marketed at 25 cents per gallon. It is a magnificent looking specimen of the tree family, representing in size a massive oak of the forest.

—The London Time states that the Charity herd of white cattle has just been purchased of Mr. J. R. B. Masfield, of Cheadle, Staffordshire, on behalf of the Duke of Bedford, who has come forward and saved the herd from deportation or falling into the hands of the taxidermist.

—More than a million dollars is being spent by the tobacco trust to wreck the growers' plan for cornering the 1905 crop of Burley, according to charges made by the men on the Cincinnati breaks familiar with the situation and in touch with the planters. An effort is being made to get the farmers over-confident so they will plant an enormous crop, and the market next fall will be overstocked and a corner impossible.

HOW GERM DISEASES START.

People With Weak Stomachs in a Continual State of Danger.

Nearly all disease germs that find lodgment in the system gain entrance with the air we breathe, or through our food and drink.

If the stomach and digestive organs be weak, so that food does not readily digest, they will contain a sour, slimy fermenting mass, an ideal spot for the disease germs to grow and spread through the whole system.

People with a weak stomach are in a continual state of danger, and they should use the best means, Mi-o-na, to strengthen that organ and tone up the whole digestive system. This remedy is a certain cure for all diseases of the stomach excepting cancer. Used before each meal it so strengthens the whole digestive system that

you can eat what you want and all you want without fear of indigestion. There will be no fermentation of food, and the stomach and intestines will be so clean and pure that disease germs cannot possibly live, when Mi-o-na is used.

If you suffer with headache, back-ach, variable appetite, nausea, gnawing at the pit of the stomach, sallow skin, heart-burn, furred tongue, sleeplessness, and general debility, it shows that the stomach has been overworked and weakened. A fifty cent box of Mi-o-na tablets will give quick and speedy relief.

She is survived by four children, three sons and one daughter; Tim O'Neil, of Richmond, Owen O'Neil, of Lexington, James O'Neil, of Louisville, and Miss Ella O'Neil, of this city. The funeral will take place from the Catholic Church this morning at 9:30, services by Rev. E. A. Burke. Burial at Catholic Cemetery.

—To the wife of Leslie Bunnell, Wednesday morning, a son.

—On Wednesday morning, to the wife of James C. Cahill, a daughter.

—On Tuesday, to the wife of John Tamme, nee Burke, a 12-pound son—second born.

—On yesterday, to the wife of a Mr. Blythe, on Malcolm Boswell's place, near town, a son.

—The infant daughter of Mr. and Mrs. Wm. Stewart, died yesterday, at their home on Lilleston avenue.

—Scotland is the land of twins and triplets, holding a long lead over her sister countries in this matter. In twelve months no fewer than 1,625 mothers gave birth to twins and twenty-five presented triplets.

His Teeth Kicked Out.

Alvy Thomas, a young farmer near North Middletown, was kicked in the mouth yesterday by a stallion, losing seven teeth and having his lips severely cut.

A Dangerous Place.

About three weeks ago a 28 foot span bridge on the Bethlehem pike was washed away by a sudden rise in Smith creek. It is causing great annoyance to the people in that neighborhood and is a very dangerous place, as no effort on the part of the county officials has been made to even build a fence across the pike to prevent persons from driving over the ten foot embankment into the creek. It looks as if some such precaution should be made to keep the traveling public from a serious if not fatal accident.

ANNOUNCEMENTS.

WE are authorized to announce Geo. M. Hill as a candidate for Chief of Police of Paris, subject to the action of the Democratic primary, July 12, 1905.

WE are authorized to announce Judge E. T. Hinton as a candidate for re-election to the office of Police Judge of Paris, subject to action of the Democratic primary, July 12, 1905.

WE are authorized to announce James M. O'Brien as a candidate for Mayor of the city of Paris, subject to the action of the Democratic primary, on July 12th, 1905.

Candidate For Mayor.

In this issue will be found the announcement of Mr. James O'Brien for Mayor of the City of Paris, subject to the action of the Democratic primary. Mr. O'Brien has for years been one of the most efficient Councilmen the city ever had, and as Chairman of the Improvement Committee the good streets that are now being made are largely due to his efforts. In fact, he has always taken the lead in all improvements that were beneficial for the city. He has shown by his record as Councilman to have had the interest of the taxpayers at heart. He is thoroughly competent and well equipped for the office, and if elected will make a most excellent head of the City Government.

Anxious to Attend.

Dennis Kane, seventy-five years old, arrived at Clarksville, Tenn., the other day, en route to Louisville to attend the Confederate reunion. He left New Orleans some time ago afoot and if walking the entire distance between New Orleans and Louisville. He says he can make twenty miles a day. He served with a Mississippi regiment.

Insure with W. O. Hinton. He has the right kind of insurance.

A HANDSOME SHOP.—Buck Freeman has refitted his barber shop, and now has one of the handsomest shops in the city. He also has three good barbers who are up to date, and you do not have to wait. Give Buck a call and see his nice new shop.
3t U. R. Next.

The Orphan Brigade.

By a vote of the Orphan Brigade at Frankfort, at the last reunion, it was ordered that the twenty-second annual reunion to be held in Louisville during the general reunion of the United Confederate Veterans, June 14th, 15th and 16th. The brigade will therefore meet at the court house in that city on the 11th day of June, at 3 o'clock p. m., for any business that may be brought before it. The gathering of Confederate veterans from all over the country promises to be the largest in years. The rate of travel will be one cent a mile. Boarding and lodging, one dollar per day and upwards.

Big Criminal Docket.

The June Term of Bourbon Circuit Court will have 320 cases on the criminal docket, 270 of them against the Standard Oil Company. The Circuit Clerk has issued 270 summons and 270 copies against the Standard Oil Co., which will be sent to Jefferson county for service, the head office being in Louisville.

SODA WATER.—Get your ice cream and soda water at the "Sugar Bowl."

The Work of Vandals.

On Wednesday night, some young vandal chipped the edge of the stone around the handsome new front of the Deposit Bank.

The work is thought to have been done by the gang of youngsters who nightly infest our streets. The way these young vandals have been acting in this city is simply outrageous and this last act should call a halt.

Things are coming to a pretty pass that one of our handsomest buildings should be ruined by the hoodlums and nothing can be done to stop it. We believe that the city council owes it to the citizens of Paris to pass a curfew law, and to see that it is enforced. This seems to be the only remedy.

Fire in New Court House.

On Tuesday, one of the workmen turned over his gasoline torch in the basement where they were unpacking the new furniture for the courthouse. The piles of excelsior lying near ignited and for a few minutes it looked as if thousands of dollars worth of the new furniture would be destroyed. Fireman Hite was called with one of the small fire extinguishers and soon put the blaze out.

The only loss was the handsome big chair which was to have been used by the Circuit Judge. A new one was ordered at once.

Is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Oberdorfer, the druggist, price 50c.

Ptomaines in Ham.

A wholesale case of poisoning occurred near Latonia. Nine persons are dangerously ill and three cats and one dog are dead, the result of eating ham. The victims are Gustav Gunther, his wife and two little children, and another family living in the same house, Elzy Moore, his wife and three children.

The two families ate a hearty supper and all who partook of the ham became violently ill. They also fed the cats and a dog and the animals died. It is believed the meat contained ptomaine poison and an investigation is being made.

MARKET LETTER.

(Reported by Chrystal & Co., Wilson Building, Paris, Ky.)

Paris, Ky., May 25, 1905.
CHICAGO GRAIN.

Wheat—The same conditions that are the bull factors in wheat still exist. Weather map again showery everywhere, and although the price current and other experts claim no serious damage so far, still the similarity between the wet season and that which ruined last year's crop is causing general uneasiness among shorts. It is simply a weather market and consequently on that cannot be predicted. Sunshine for a week would undoubtedly cause a sharp decline from the present prices. The opening was 1/4 cent above yesterday's closing for both options, a further advance carried July to 91 1/4. After the posting of the liberal primary receipts profit taking resulted in a cent decline but final prices again firmed and July closed 1/4 cent above yesterday. September met with selling on the bulge.

Corn—The first trading was firm at some advance, but later when May corn declined futures weakened. Weather is the only Bull feature and we believe September a sale.

Range of prices as follows:
Wheat— Open High Low Close
July..... 91 1/4 91 3/4 90 3/4 90 1/2
Sept..... 83 1/2 83 3/4 82 3/4 83 1/4

Corn—
July..... 49 3/4 49 5/8 49 49 3/4
Sept..... 48 3/4 48 1/2 48 1/2 48 1/2

Pork—
July..... \$ 7.55 \$ 7.55 \$ 7.50 \$ 7.55

Lard—
July..... 7.27 7.27 7.25 7.27

Ribs—
July..... 7.25 7.25 7.20 7.22

Chicago Receipts—Hogs 30,000, lower; cattle, 7,500, dull and weak; sheep, 10,000, weak.

NEW YORK STOCKS.

The strength that existed yesterday was prominent in the early trading to-day and advances from 1/2 to \$1 over last night's prices followed. The strength continued until the last hour when there was profit taking all around N. Y. C. St. Paul and other high priced stocks lost \$2 a share, while steel and others about half so much. Lawson was out with some innuendos, which probably had their effect, as the recent decline is too recent to find much courage among the bulls yet. If the market sells up in the morning, would take profits and either sell short or wait for a decline before purchasing. Close was feverish at the decline.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest.

You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in.

This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way.

Two sizes, 25c and 75c. All druggists.

Paris Merchants Win Out.

Chairman C. C. McChord of the Kentucky Railroad Commission, Tuesday rendered his opinion in the complaint of Paris citizens against the Louisville & Nashville railroad in alleged discrimination in freight rates on grass seed and hemp. The opinion is concurred in by the other Commissioners, and holds that the rate on grass seed and hemp from Paris should be no more than the rate from Lexington and Winchester. It further states that the rates from these points are just and reasonable, in view of the fact that the rate has been in effect for quite a while, and was voluntarily made by the railroad companies engaged in traffic.

The Commission ordered the petition filed with the Inter-State Commerce Commission, with directions as indicated.

This is quite a victory for the Paris dealers in these commodities. The opinion is a lengthy one. We clip the following from it:

"The rate for the transportation of hemp from Winchester and Lexington to New York is 30 cents per hundred, car load lots, 20,000 pounds minimum weight, and the rate on grass seed from and to the same points in car load lots, 30,000 pounds minimum weight, is also 30 cents per hundred, while the rate on the same commodities from Paris, Kentucky, to the same point is 34 cents per hundred pounds. In each instance there is a differential of four cents per hundred pounds in favor of Lexington and Winchester, as against Paris in the transportation of both hemp and grass seed."

The New Proposition.

The Burley Tobacco Growers' Company proposes to issue \$1,500,000 worth of stock, half common and half preferred, to secure capital to control the white Burley tobacco crop. The delegates from the white Burley counties met in Lexington Tuesday afternoon to consider the plans of the company's committee. Several changes were made.

Charged With Betrayal.

Edward Hinds, a young insurance man of Mt. Sterling, was arrested Tuesday on a warrant from Clark county, the warrant charging him with the betrayal of Miss Bessie Brandenburg, an attractive young girl, who claims Hinds promised to marry her. When the warrant was read to the young man he was overcome and fell from his chair to the floor. He recovered quickly, however, and was taken to Winchester by Deputy Sheriff Prewitt and turned over to the authorities.
